

**Florida Fire Sprinkler Association's
Golf Classic**

In honor of our 16th Annual Classic we
will be presenting our second

"Champion of the Industry Award"

to

Mr. Neal Baluha

Firefighter/Plans Examiner

Palm Beach County FL

Firefighter Baluha is a strong proponent of fire sprinkler protection as the most effective method of protecting lives, property and firefighters. He has been instrumental in helping set up "Side by Side" burns in his county and he is diligent about attending and encouraging other fire officials to attend meetings and educational seminars that promote fire sprinklers as a way of saving lives and property. He is also very active with state legislative activities and instructs in a number of venues.

Funds generated from the golf classic are used primarily to help offset the cost of providing fire sprinkler training and education for governmental code enforcement officials. We offer a number of courses throughout the year which are absolutely FREE to the AHJ's, thanks to the proceeds of this golf tournament.
